

Scranton is designing a new city flag!

The City of Scranton is undertaking the redesign of our city's flag, and we would like resident submissions for the new design.

We are asking residents to submit their designs with the following parameters:

Symbols - Use shapes and symbols that represent the City of Scranton.

Simplicity - The flag should be able to be drawn from memory.

Coloring - Colors should remain consistent with the current flag: dark blue and yellow or gold.

Submissions can be made by mailing your design to 340 N. Washington Ave or by email to mpreambo@scrantonpa.gov. Submitted concepts will be considered donations to the Scranton Flag project. No concepts will be copyrighted. Any final design will be open for public use. The process will be open to submissions, though the steering committee and therefore the City of Scranton may chose not to adopt a submission exactly as it was created, as well as to not officially adopt a new flag if so chosen. In order to ensure usability and appropriateness, a chosen design may be subject to modifications by a graphic designer, working cooperatively with the original designer and the City of Scranton.

Scranton is designing a new City Flag!

The City of Scranton is undertaking the redesign of our city's flag, and we would like resident submissions for the new design. The City has had two previous flags in its history. The first was created in 1907 and featured a coal breaker, smokestacks and a train. The current flag designed in 1966 is a crest containing a fern leaf and atomic age symbols. The City is in need of a simplistic new design that represents Scranton in the 21st century.

Submissions can be made by mailing your design to 340 N. Washington Ave or by email to mpreambo@scrantonpa.gov. Submitted concepts will be considered donations to the Scranton Flag project. No concepts will be copyrighted. Any final design will be open for public use. The process will be open to submissions, though the steering committee and therefore the City of Scranton may chose not to adopt a submission exactly as it was created, as well as to not officially adopt a new flag if so chosen. In order to ensure usability and appropriateness, a chosen design may be subject to modifications by a graphic designer, working cooperatively with the original designer and the City of Scranton.

City Flag Design Contest
Application and Release

The Scranton Flag Project Committee looks forward to seeing your design! Please complete this application and attach it to each design submitted.

Name: _____ Age if under 18: _____
Address: _____ City/State/Zip: _____
Home Phone: _____ Cell: _____ Email: _____

Description of any meaning and symbolism contained in the design of 150 words (attach extra sheet if needed).

Required Release:
