RE: Request for Public Input Hearing in Scranton for PPL Electric Utilities Rate Increase

Dear Secretary Homsher:

On behalf of the City of Scranton, I respectfully request that the Commission schedule a public input hearing in the City of Scranton concerning PPL Electric Utilities' pending rate increase request. Scranton residents, businesses, and community organizations are keenly interested in the potential impacts of the proposed increase, and a local forum will ensure that affected stakeholders have a meaningful opportunity to be heard.

The City is prepared to assist the Commission in every aspect of community outreach, and planning and convening the hearing. We can identify and secure a suitable venue within Scranton; coordinate with local stakeholders and neighborhood groups; and support notice and outreach to maximize public participation.

We appreciate the Commission's commitment to transparency and public engagement in matters affecting essential utility services. A Scranton-based hearing will promote robust, representative input from our community and help inform a complete record.

Please let my office know your preferred dates, time window, and any venue specifications (capacity, technology requirements, parking, and accessibility). My staff will respond with proposed locations and support details. My assistant, Allie Pliska, is available at 570-780-1207 or apliska@scrantonpa.gov to coordinate logistics.

Thank you for your consideration and for your continued service to the Commonwealth.

Respectfully,

Paige G. Cagnetti
Mayor, City of Scranton
